IS YOUR PET IN NEED OF A DENTAL CLEANING and/or EXTRACTATIONS?

Did you know that a significant number of dogs and cats have some form of dental disease at a very young age which can dramatically increase in severity if left untreated? Dental disease is a common and painful condition for pets which if left untreated, can cause severe HEART, KIDNEY, LIVER, and OTHER SERIOUS problems as a result of harmful bacteria being absorbed into the bloodstream. Studies have proven that a healthy pet starts with a healthy mouth!

SOME COMMON SIGNS THAT YOUR PET MAY NEED DENTAL CARE:

- ✓ BAD BREATH
- ✓ RED LINE ON THE GUMS
- ✓ TARTAR ON THE TEETH
- ✓ EXTRA OR RETAINED BABY TEETH
- ✓ MISSING OR BROKEN TEETH
- ✓ ABNORMAL CHEWING/DROOLING
- ✓ NOT WANTING TO EAT
- ✓ DROPPING FOOD OR TOYS OUT OF THE MOUTH

Grade I

Grade II

Grade III

Grade IV

REQUIREMENTS: • We accept pets residing anywhere in Orange County • Owners must be experiencing financial hardship where they cannot otherwise afford these services. We ask that you abide by our honor system and not take an appointment away from a pet whose owner cannot afford to see a regular veterinarian • Pets must be current on their vaccinations (Dogs: Rabies, DHPP & Bordetella) (Cats: Rabies, FvRCP & FeLV) • We may require blood work and chest x-rays on older pets or on those which may have underlying health issues. Although we can provide the blood work at a discounted rate, we are not able to provide x-rays of the chest, so you may need to obtain those x-rays from your regular or other veterinarian.

• Dental exams are required and are usually performed 2 weeks prior to the dental cleaning and/or extractions. At the time of the dental exam, a written estimate will be provided and blood work performed if needed. In the event your pet requires any vaccinations, we will be happy to administer them during the dental exam at the same discounted prices offered at our low-cost vaccine clinics • Due to limited space available, we take patients on a first-come, first-served basis; however, consideration will be made for pets urgently in need of dental care • Reservation applications must be submitted through our website, but this does not guarantee an appointment.
